About Rajasthan Economic Association (REA)

The REA is amongst the oldest, the largest and the only state association of professional economists in Rajasthan. It is a registered body since 1968 under the Rajasthan Societies Registration Act, 1958 with the objective of providing a forum to debate and discuss theoretical and real life economic issues. It has life members from various categories and from all parts of Rajasthan and India. The REA has been organising annual conferences, seminars and workshops to undertake and promote the study of economics. It also publishes a biannual journal "*Rajasthan Economic Journal*". The association has successfully organised so far 36 annual conferences and now its 37th Annual Conference is being hosted by the Department of Social Sciences, University of Kota, Kota. We feel immense pleasure and privilege in extending cordial invitation for the conference to all the esteemed members.

About the 37th Annual Conference:

All over the world, developing countries are making efforts to achieve the targets of sustainable development and inclusive growth. In order to achieve these targets, India has initiated various economic reforms, and accordingly implemented numerous programs and policies.

The 37th annual conference of REA will focus primarily on the sustainable economic development, the associated targets and the issues as well as challenges

that need to be addressed in order to put our country on an equitable inclusive and sustainable path. There is a need for a constructive approach to fortifying both development and democracy engaging citizen bodies, research institutes and varying levels of governance allowing development to work its way from bottom to the top. As an educational institute and research

organisation, we hope to come out with definitional tools and measures to prepare India for this journey towards optimising the welfare of lives of its citizens.

The main purpose of the conference is to provide a platform to students, research scholars and faculty members to enrich and enhance knowledge on the contemporary scenario of global and Indian Economy. We hope to facilitate a cerebral and creative expression through this upcoming conference to the participants. We look forward to your valuable participation.

Conference Themes:

Theme I: Climate Change and Sustainable Development

1. Green Financing.
2. Renewable energy and sustainable development.
3. Sustainable Development Goals

Theme II: Indian Economy – Prospects and Policy Changes

1. Twenty-five years of economic reforms
2. Recent macroeconomic reforms undertaken by the government
3. Social sector reforms
